

**Vector-Borne Diseases in the UK  
Biennial Online Sessions 2020**Monday 2<sup>nd</sup>, 9<sup>th</sup>, 16<sup>th</sup> and 23<sup>rd</sup> November 2020

Online Sessions

An exciting opportunity for UK and other researchers to share knowledge of human, animal and plant vector-borne diseases, identify important research gaps, expand collaborations and develop efficient mitigation strategies.

Themes included:

- Emerging Vector Borne Diseases
- Disease and Vector Surveillance
- Vector/pathogen/Endosymbiont interactions
- Sociopolitical aspects of VBDs
- Vector and Disease Control

The closing date for abstract submissions is 5pm on  
the 31<sup>st</sup> August 2020.

VBD Scientific Steering Group

Professor John Stephenson

Professor Matthew Baylis (University of Liverpool) | Professor Saskia A. Hogenout (John Innes Centre)  
Dr Jolyon Medlock (Public Health England) | Dr Simon Carpenter (The Pirbright Institute)
